Dear Akankshya,

Congratulations! Within our highly selective admissions process, with over 60 applicants competing to be part of an incoming cohort of approximately 10 students, you have been recommended for admission to the Graduate Dean by the Department of Nutritional Sciences PhD program in the College of Natural Sciences at The University of Texas. Once you have completed all aspects of your application to the Graduate and International Admissions Center (GIAC), you will find an official notice of your Graduate School admission through the GIAC [MyStatus](#) portal (this may take a short time for processing).

A summary of our offer to you is as follows (see below for details):

- You will be co-mentored by Dr. Stefano Tiziani and Dr. Alessia Lodi. Your mentors will work together to define your research and training.
- Subject to satisfactory academic and professional performance, you can expect continuous (12-month) financial support from the graduate program in Nutritional Sciences and/or your mentor for five years. Your total 12-month stipend will be \$33,280.
- For the 2024-25 academic year, you will be supported as a Teaching Assistant in the fall and spring semesters. In summer, you may be supported as a Teaching Assistant, Graduate Research Assistant, or as an Endowed Fellow.
- Support in future years may be in the form of Graduate Research Assistantships, Fellowships, Teaching Assistantships, and/or Assistant Instructorships. Please contact our Graduate Adviser, Heather Leidy (Heather.Leidy@austin.utexas.edu), or Graduate Coordinator, Abby Black (black@austin.utexas.edu), for information about how these support decisions will be determined.
- Graduate Research Assistant, Teaching Assistant, Assistant Instructor, and (in most cases) Fellowship appointments require full-time student registration: nine credit hours each long semester, and three credit hours each summer. As long as you receive financial support within the College of Natural Sciences, your tuition for full-time registration will be fully remitted.
- Graduate Research Assistant, Teaching Assistant, and Assistant Instructor appointments include individual health insurance benefits. Fellows are also eligible for health insurance supplements. For more information about insurance options while on Fellowship support, or about adding your spouse or dependents to this coverage, please contact Abby Black.

We believe that you will excel in our graduate program, and we hope you choose The University of Texas for your graduate studies. We know that you may have other offers to consider, so if you would like to discuss the details of our offer, please feel free to contact Abby Black by phone at 512-471-5190 or by email at black@austin.utexas.edu. The U.S. Council of Graduate Schools has

agreed that you may take until April 15 to accept or decline our offer of financial support.¹ Once you have made your decision, please notify us immediately by email, as well as by subsequently signing and returning this letter. We look forward to hearing from you.

Date: July 7, 2023

To

Ms. Khushi Sen

Subject: Admission to M.Sc. in Mathematics at IIT DELHI through JAM 2023

Dear Applicant,

Congratulations! You have **been provisionally offered admission**, under **GEN** category, to the **M.Sc. Mathematics** at IIT DELHI.

Please note that the fee payable at IIT Delhi is Rs.43,150/- for Gen/OBC/EWS and Rs. 35,650/- for SC/ST/PwD candidates. The already paid seat booking fee of Rs. 10,000/- for Gen/OBC/EWS category students and Rs.5,000/- for ST/SC/PwD candidates will be adjusted in the total fees. Please note that the Seat booking fee will not be refunded if you do not join the allotted course in the institute.

Please pay the fee online as per the following table:

Category	Amount payable by 22 July, 2023
Gen/OBC/EWS	Rs.43,150/- (Institute fee) – Rs.10,000 (Seat Booking Fee)= Rs. 33,150/- (To be paid by visiting link https://www.onlinesbi.com/sbicollect/icollecthome.htm)
SC/ST/PwD	Rs.35,650/- (Institute fee) – Rs.5,000 (Seat Booking Fee) = Rs. 30,650/- (To be paid by visiting link https://www.onlinesbi.com/sbicollect/icollecthome.htm)

The procedure for the payment of Institute fee is enclosed with this letter.

In addition, the students opting to stay in the hostel will have to pay Rs. 13,250/- as Institute Residence fee.

Note: This offer of admission does not guarantee on-campus accommodation.

The Institute will strive to provide a hostel seat to selected candidates, to the extent possible, only on application and subject to availability. Students living within 12km of the campus are not eligible for hostel accommodation initially (later they may be considered subject to availability).

For any query in this regard, contact : adh@admin.iitd.ac.in, (Tel. 011-26591784).

You must submit your documents and attend orientation on the dates as per schedule to be notified through the Institute website (<https://home.iitd.ac.in/pg-admissions.php>). If for unavoidable circumstances, you cannot do so by the given dates, you may, with the prior permission of Dean Academics, approved in writing, register until the last date or late registration for Semester 1, 2023-24, given on the Institute calendar (<https://home.iitd.ac.in/academic-calendar.php>). Failing this permitted "late registration", the offer of admission would automatically stand cancelled, even if you have already paid the institute and/or hostel dues.

Please note that the eligibility requirements (ER) and the minimum educational qualifications (MEQ) to take admission in the M.Sc. Programme in MATHEMATICS at IIT DELHI are the following:

ER: A Bachelor's degree with PASS grade

MEQ: For Engineering graduates/students should be treated as removed for this program and the candidates will be admitted based on their JAM rank only.

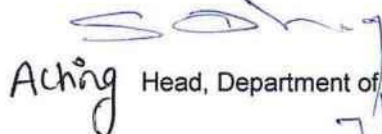

Bachelor's degree with Mathematics as a subject for at least two years / 4 semesters.

The entire responsibility lies with the candidate to prove that he/she satisfies eligibility requirements (ER) and Minimum Educational Qualifications (MEQ) requirements (including OBC-NCL/EWS//SC/ST/PwD/Nationality certificates, wherever applicable) for admissions. For all provisionally offered admissions, the proof of having passed the qualifying degree with the minimum educational qualification as specified by the Institute and other documents, if any, should be submitted on or before **October 31, 2023**.

Failing to comply with any of the above requirements will automatically lead to the cancellation of admission to the M.Sc. Programme in Mathematics at IIT Delhi.

A candidate is considered **qualified** if the marks secured are greater than or equal to the qualifying marks mentioned for the category, for which a valid category certificate, if applicable, must be produced along with this Score Card.

This Score Card is valid
up to 31st March 2027.

GATE SCORE COMPUTATION

The GATE 2024 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where

M is the marks obtained by the candidate in the paper mentioned on the GATE 2024 Score Card

M_q is the qualifying marks for general category candidates in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of all the candidates who appeared for the test paper

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here, μ is the mean and σ is the standard deviation of marks of all the candidates who appeared for the test paper.

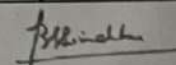

Qualifying in GATE 2024 does not guarantee admission to a postgraduate program or scholarship/financial assistance. Admitting institutes may conduct additional tests or interviews for final selection of candidates.

Graduate Aptitude Test in Engineering (GATE) 2024 was organised by Indian Institute of Science, Bengaluru, on behalf of National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Dear Ms. Shramana Guchhait,

On behalf of Johns Hopkins University's Krieger School of Arts and Sciences, I'm delighted to inform you that you have been admitted as a **Conditional Student** in the Advanced Academic Programs' MS in Biotechnology. Congratulations! We look forward to welcoming you to our student body for the Fall 2023 semester.

Your conditional status reflects the fact that we have not yet received all of the official transcripts and/or you have not been conferred an undergraduate degree. You may register for the semester for which you have been admitted, but you will need to submit an official electronic transcript to aapadmissions@jhu.edu before the [withdraw/audit deadline](#) for the first semester in which you are enrolled at AAP. Once you have met the conditional requirements, you will need to notify us by submitting a [Change of Student Status](#) form.

Please note that conditionally admitted students who do not provide the required information before the withdraw/audit deadline will be dismissed and will follow the JHU AAP [refund schedule](#).

Submitting Official Transcripts from International Institutions

If you are graduating from an institution outside the United States, you will need to submit official transcripts through one of the approved [credential evaluation services](#).

It takes time for an institution, approved provider, or credential evaluation service to process and send official transcripts – in some cases four to six weeks– so be sure to allow sufficient time for your transcript to be processed and transmitted.

What's Next?

To notify us of your intent to enroll, please complete the [Enrollment Decision form](#), which will initiate the process for your F-1 Visa, Johns Hopkins ID and email account, and will allow you to register for courses. You will find additional resources and information in our [New Student Checklist](#).

If you have questions regarding your admission status or the enrollment process, please email aapadmissions@jhu.edu. For all other questions, please email the Office of Advanced Academic Programs Advising at AAPAdvising@jhu.edu.

Sincerely,

A handwritten signature in black ink, appearing to read "V. Donahue".

Dear Pratiksha Mall,

I am writing to update you on changes to our joining formalities and Academic Calendar. The following changes apply to all those who have accepted our offer to join the Integrated PhD programme at NCBS.

Due to the ongoing Covid-19 pandemic, keeping health and safety as our main priority, it has become necessary to shift our academic activities for incoming students to later in the year.

There will be **two phases** to the admission process.

1. **Remote admission:** Students will be admitted to the NCBS Integrated PhD programme remotely on October 1, 2020. All academic activities, including orientation and coursework, will be conducted remotely starting from this date.

2. **Physical joining:** Students will be asked to physically report to campus on January 1, 2021. This date is tentative and may be changed, with due notice, depending on the public health situation.

Note that the standard 6-year maximum tenure of the Integrated PhD programme will be calculated from the date of physical joining, so these changes will not impact the progress of your research and training. All requirements detailed in your offer letter will be applicable from the date of physical joining, including the commencement of research fellowships and tuition fees.

As a mandatory requirement of remote admission, please respond to us with an email containing the undertaking appended below.

Regards,

Mukund Thattai

Dear Minakshi Verma,

I am very pleased to communicate you the decision of the Management Board of the DFG Research Training Group 2297 to accept you as a PhD student and offer you a working contract, starting as soon as possible. You have my full support to register yourself as a PhD student at the Department of Mathematics at the Otto-von-Guericke Universität Magdeburg, which is only a formality. I also confirm you the following funding for your work at the Otto-von-Guericke Universität Magdeburg:

- September 1, 2023 – August 31, 2026: a TVL-E13 75% position funded by the Deutsche Forschungsgemeinschaft (approx. 2047 € net in the first year)

A contract shall be sent to you as soon as the University administration has all paperwork done. Unfortunately, this is the earliest time the working contract can start. Nevertheless, your work as a PhD student can **start** already **as soon as possible**. You are invited to come to Magdeburg at your earliest convenience to organize your accomodation and other things. A working place is available for you at the Max-Planck-Institute Magdeburg. A preliminary title for your PhD thesis is *Data-driven Generalized Eigenvalue Problems in Operator TT Format* with the advisors Peter Benner and Feliks Nüske. A detailed work plan shall be made together once you start to work on your project. The studying language is English. The work on your PhD thesis will take place within the DFG Research Training Group 2297 “Mathematical Complexity Reduction” at the Otto-von-Guericke Universität Magdeburg. An official decision was made by the Management Board on June 19, 2023. Please do not hesitate to contact me should you have any enquiries on this matter.

Yours sincerely,
