EVENT SUMMARY

The seminar commenced with an insightful presentation delivered by our keynote speaker, Ms. Iksha Chhabra. Her presentation covered the various aspects involved in establishing a successful business within the nutrition and wellness sector. She gave a detailed analysis on the process of exploring one's ideas, the necessity of ample market research, the importance of networking, and the most important aspect of availing help from government schemes and funding.

Following the presentation, an interactive Q&A session provided an opportunity for students to raise their questions and concerns related to entrepreneurship in the nutrition industry. These questions ranged from emerging trends to consumer behaviour to practical aspects of starting a business.

Approximately 70 students attended this enlightening session, representing diverse academic disciplines, such as sciences, commerce, and humanities, pursuing courses such as BA Economics (Hons), BSc Physics (Hons), History (Hons), Chemistry (Hons), Biochemistry (Hons), B.Com (Hons), etc. Furthermore, the event was graced by the presence of our seven convenors from different departments.
