

REPORT ON MOVIE SCREENING: THE INSIDE JOB

On October 25, 2023, The Economics Association of Daulat Ram College, Éclat, hosted a special, first of its kind, screening of the documentary movie 'Inside Job', under the guidance of our convener, Ms. Devangana Jha and Teacher in Charge Ms. Ritu Khanna. This event aimed to provide students and faculty members with an insightful and critical perspective on the 2008 financial crisis and its profound impact on the global economy.

The screening commenced at 12:00 PM in the Conference Hall, and was attended by a diverse audience, including economics majors, faculty members, and students from various other departments. The turnout was impressive, with the Conference Hall filled to its capacity.

The audience was captivated by the film's storytelling, which featured interviews with economists, financial insiders, and policymakers. The documentary was a masterful account of the complex financial systems and institutions that led to the 2008 global financial crisis, providing a comprehensive analysis of the events leading up to the crisis, its devastating consequences, and the lack of accountability in its aftermath.

Following the screening, Éclat organised a discussion and Q&A session. Eclat's President Faguni Awasthi took the stage to encourage discourse on the film for a deeper understanding of the film's content and how it related to current economic challenges.

The screening was a resounding success. It not only entertained but also educated, and sparked meaningful discussions among the attendees. The film served as a reminder of the importance of understanding the complexities of the financial world and the need for responsible economic policies.
