Sub: Regarding internships for the second year students

All the second year students who have opted to do internships in lieu of SEC paper, are hereby informed that they are required to duly inform the college before starting the internship. Further, the credits for the same will be awarded only when the concerned internship company/organisation providing the said internship has signed a Memorandum of Understanding (MOU) with the college.

In case the internship is through a personal contact, the student is required to get in touch with the placement cell of the college, so that the MOU can duly be signed.

For the internship to be considered valid, a proper MOU is necessary for earning credits.
