The institution aims at enhancing its pedagogic knowledge, fostering a shift towards a student-centred, constructivist teaching-learning framework.

- The College will continue supporting research Labs to bolster research activities further. These facilities will be updated and maintained from time to time.
- It strives to support faculty members financially in organising national and international conferences, seminars, and Faculty Development Programs (FDPs).
- It seeks to utilise Green funds and the funds generated through Recycling unit to support research and innovation. This approach supports research and aligns with our commitment to environmental responsibility.
