Year 2020-21

1 SDP held by Department of Biochemistry from 19th August 2020 to 21st August 2020 titled E-skill development program on enhanced learning through ICT tools.

The objective of the SDP was to introduce the latest ICT tools to students as this year due to Covid 19 all the classes are held on the online platform. Course coordinator: Dr Sarita Nanda (TIC, biochemistry department) Duration with dates: The SDP was held from 11:00 am to 1:00 pm from 19th to 21st August 2020

2 Report on SDP held by Department of Biochemistry from 17th December 2020 to 19th December 2020 titled E-skill development program on enhanced learning through ICT tools. The objective of the SDP was to introduce the latest ICT tools to students as this year due to Covid 19 all the classes are held on the online platform. Course coordinator: Dr Sarita Nanda (TIC, biochemistry department) Duration with dates: The SDP was held from 11:00 am to 1:00 pm from 17th to 19th December 2020

3 The Biochemistry department festival **BIOMANIA 2020-21** was held on **13 February 2021** over zoom meet. In our effort to sensitise our students towards important environmental and sustainability issues facing the world today, the Biochemistry department organised an intra college contest: "**The Innovation Challenge :Create a better future**" under the convenership of **Dr. Padmshree Mudgal and Dr. Leena Vig.**

4 The Biochemistry association's inaugural lecture was held on 25th November, 2020. It was organised by the Department of Biochemistry, Daulat Ram College. Covid 19 pandemic has impacted the whole world and the key to prevent the spread is early detection. We were very fortunate to have with us Dr Debojyoti Chakraborty and his team who have been pioneers in indigenously developing CRISPR based COVID-19 detection kit which is now popularly known as Feluda.

Year 2019-20

1 Ellora Sen, PhD, Scientist, National Brain Research Centre, Manesar gave a talk on Re-inventing Oneself: Science as a Career under **Meet the scientist series** on 10th April, 2019

Year 2018-19

1 BIOMANIA18, an intracollege Science festival was organized by Biochemistry department on 20th Feb, 2018. Various events like Poster presentation on "Future Technologies", Just a minute, and Dumb Charades were organized. Under **Meet the scientist series**, **Prof Suman kundu**, head, Department Of Biochemistry, University of Delhi, South Campus, Delhi, gave an talk on **Proteomics**

2 Scientist talk – **Dr. Nisheeth Agarwal (Associate Professor, Translational Health Science and Technology Institute, Faridabad)** came and delivered a lecture on the topic- "Nuts & bolts of CRISPR interference: optimization & implication mycobacteria
